The Blues Makers

Synopsis

The Blues Makers is Samuel Charters's monumental study of the blues, its makers, and the environment from which they merged. It was originally published in two separate volumes, *The Bluesmen* and *Sweet as the Showers of Rain*, and for a long time languished out of print. Now, with the addition of a new preface and a new chapter on Robert Johnson which reconsiders his life and art based on recently uncovered information, *The Blues Makers* takes its rightful place as one of the greatest blues books of all time. Samuel Charters has long been considered a leading authority on the blues, and here he explores the personal, social, and musical backgrounds of the great blues makers. Charters proceeds from Mississippi, through Alabama and Texas, Memphis and Atlanta, to the Atlantic Coast and the Carolinas, stopping on the way to examine the music and lives of native blues makers such as Skip James, Furry Lewis, Sleepy John Estes, Robert Johnson, Blind Lemon Jefferson, Memphis Minnie, Willie McTell, Tommy Johnson, Ishman Bracey, Son House, The Memphis Jug Band, Charley Patton, and many others. In a style remarkable for both its clarity and its beauty, Charters analyzes these men and their work, using musical and textual examples and extraordinary documentary photographs. The result is simply one of the most remarkable books ever written on the blues.

Book Information

Series: Da Capo Paperback

Paperback: 186 pages

Publisher: Da Capo Press (March 1, 1991)

Language: English

ISBN-10: 0306804387

Customer Reviews

Awesome thank you !!! 5 star seller

Read this along with Robert Palmer's "Deep Blues" for a great overall perspective on blues music and its history. Informative and interesting for any music lover.

Samuel Charters was the greatest scholar of the delta blues movement and his work had enormous influence on the music of the 1960's. One wishes that the four volume audio recordings entitled "The Country Blues" were back in print, and more readily available than they are at this point. If you wish to learn about this unparalleled chapter in the history of music, you cannot go wrong here, the authoritative, foundational work on the subject.

One of the best books ever written about the blues.

I found this to be one of the most informative books I have ever read on country blues, breaking it down by regions of the south and containing many in-depth biographies of several seminal blues artists. Essential.
