The Believer's Authority - Legacy Edition

Synopsis

Believers Have Authority! Do we have authority that we don't know about, that we haven't discovered, that we're not using? As a young preacher, Rev. Kenneth E. Hagin asked himself this question. He studied the subject and concluded the following: "We as a Church have authority on the earth that we've never yet realized.... A few of us have barely gotten to the edge of that authority, but before Jesus comes again, there's going to be a whole company of believers who will rise up with the authority that is theirs. They will know what is theirs, and they will do the work that God intended they should do." During the past 30 years, over a million readers have been blessed by this classic faith-building message by Rev. Hagin. In his clear and illustrative style, he uses the Word of God to explain the authority that belongs to every believer. *The Believer's Authority: Legacy Edition* supplements this timeless teaching with new material:

- A special foreword from Rev. Hagin's son, Rev. Kenneth W. Hagin
- A "Life and Legacy" historical overview
- Four additional messages from Rev. Hagin on the authority that believers have because of their position in Christ
- A photo gallery chronicling Rev. Hagin's life and the ministry entrusted to him by God

A book that is revolutionary in its message, yet totally Bible-based and Christ-centered at the same time. The startling truth is that Jesus has delegated to us His full authority to carry out His will on earth as it is in Heaven. The question is: what are we doing with that authority?

Wonderful book. I recommend this to all Christians whether you are new in your walk or have been on it for a long time. There is victory in Jesus, he paid the price to free us from the bondage of sin and death, and with him we rise in glory eternal and without blemish. Must read, highly recommend!

A book written quite a while back that still delivers vital information no matter when it's read. So many Christians have no idea that they even have authority much less what that authority is. I first read this book several years ago and thought, "I got this" - then read it again earlier this year and thought, "Nope, I didn't have it - I needed to read it more than once!" It is chock full of the information you need to be a success on this earth and walk in the power that Jesus died to give you!

I find it hard to believe that in 40 yrs of being a Christian, I never discovered Kenneth Hagin. I am getting ready to take a discipleship class in my church and this book is recommended reading for first year. When I started reading I was blown away and couldn't put this book down. If you want to go deeper in your relationship with your God, you need to read this book. I'm not saying it's the end all or the only book that will help you grow, but it is certainly one you want to add to your library.

My husband is battling Stage IV cancer and this book offered some positive encouragement. We have a strong faith in God and we believe in God's ability to heal despite what the Dr's are saying. This book just further confirms what we already believe. Through faith, anything is possible.

Amazing book! I got this after reading another book by Kenneth E Hagin. It is so full of the Word. I love how he writes to the common man and yet gives you meat you can chew on for days. He also breaks up his writing with personal stories about his life in ministry that build your faith and give you practical tips for increasing your own faith. Every Christian Library should include this book! I've ordered more to give to friends.

This book exceeded my expectations. Everything you need to know about your authority in Christ. As Christians we need to know that we are not powerless and that the same power that raised Jesus from the dead now resides in us. Excellent examples and great scripture reference as well

Everyone need's to get this book. I did not know near as much as I thought I did. It will help you in your daily life, and how to take authority over danger to you and family. I am getting one for family members. worth the money. Thank You
