# Thunder In The Mountains: Chief Joseph, Oliver Otis Howard, And The Nez Perce War

## Synopsis

The epic clash of two American legends—â¢their brutal war and a battle of ideas that defined America after Reconstruction. Oliver Otis Howard thought he was a man of destiny. Chosen to lead the Freedmen’s Bureau after the Civil War, the Union Army general was entrusted with the era’s most crucial task: helping millions of former slaves claim the rights of citizens. He was energized by the belief that abolition and Reconstruction, the country’s great struggles for liberty and equality, were God’s plan for himself and the nation. To honor his righteous commitment to a new American freedom, Howard University was named for him. But as the nation’s politics curdled in the 1870s, General Howard exiled himself from Washington, D.C., rejoined the army, and was sent across the continent to command forces in the Pacific Northwest. Shattered by Reconstruction’s collapse, he assumed a new mission: forcing Native Americans to become Christian farmers on government reservations. Howard’s plans for redemption in the West ran headlong into the resistance of Chief Joseph, a young Nez Perce leader in northeastern Oregon who refused to leave his ancestral land. Claiming equal rights for Native Americans, Joseph was determined to find his way to the center of American power and convince the government to acknowledge his people’s humanity and capacity for citizenship. Although his words echoed the very ideas about liberty and equality that Howard had championed during Reconstruction, in the summer of 1877 the general and his troops ruthlessly pursued hundreds of Nez Perce families through the stark and unforgiving Northern Rockies. An odyssey and a tragedy, their devastating war transfixed the nation and immortalized Chief Joseph as a hero to generations of Americans. Recreating the Nez Perce War through the voices of its survivors, Daniel J. Sharfstein’s visionary history of the West casts Howard’s turn away from civil rights alongside the nation’s rejection of racial equality and embrace of empire. The conflict becomes a pivotal struggle over who gets to claim the American dream: a battle of ideas about the meaning of freedom and equality, the mechanics of American power, and the limits of what the government can and should do for its people. The war that Howard and Joseph fought is one that Americans continue to fight today. 8 pages of illustrations

## Book Information

Hardcover: 640 pages

Publisher: W. W. Norton & Company; 1 edition (April 4, 2017)

Language: English

## Customer Reviews

“Solidly researched, well-written and engaging.” - Dallas Morning News

“Magnificent and tragic....Sharfstein is a wonderful storyteller with a deep knowledge of all the relevant source material from the period. His narrative is rich with fascinating historical details.” - Nick Romeo, Christian Science Monitor

“Intimate, propulsive and ultimately heart-breaking....a compassionate military history and a shrewd examination of how cultural legends are created.” - Julie M. Klein, Chicago Tribune

“A brisk narrative.” - Thomas E. Ricks, The New York Times Book Review

“In his penetrating new book, Thunder in the Mountains, Daniel J. Sharfstein shows how the meaning of freedom was contested after the Civil War not only in the South but all the way to the Pacific Northwest....Sharfstein’s account makes for absorbing reading; it adds immeasurably to our understanding of the complicated, interwoven lives of those who fought for ‘progress’ east and west.” - Henry Louis Gates Jr., Alphonse Fletcher University Professor, Harvard University

“One of the epic tales of American history, rendered by a master storyteller. Daniel Sharfstein breathes new life into the fascinating figures at the heart of the Nez Perce War.” - Karl Jacoby, author of The Strange Career of William Ellis: The Texas Slave Who Became a Mexican Millionaire

“Daniel Sharfstein offers a searing account of an American tragedy: how Oliver Otis Howard, a champion for the rights of freed slaves, became an architect of the dispossession and subjugation of Native people. This beautifully written book will change the way readers think about the era of Civil War and Reconstruction.” - Ari Kelman, author of A Misplaced Massacre: Struggling Over the Memory of Sand Creek

“Beautifully wrought and impossible to put down, Daniel Sharfstein’s Thunder in the Mountains chronicles with compassion and grace that resonant past we should never forget.” - Brenda Wineapple, author of Ecstatic Nation: Confidence, Crisis, and Compromise, 1848-1877

“Revelatory and riveting.” - Gregory P. Downs,

University of California  
Davis, author of After Appomattox: Military Occupation and the  
Ends of War

Daniel J. Sharfstein is a professor of law and history at Vanderbilt University and a 2013 Guggenheim Fellow. His first book, The Invisible Line: A Secret History of Race in America, received the J. Anthony Lukas Prize. He lives in Nashville.

Excellent historical narrative of the Army (Gen Howard) and the Nez Perce War (Chief Joseph). Well written.

Best of the books on the US Government and the Nez Pierce that I have read. Very insightful of the personalities involved.

I just finished the book tonight, i've read 5 other books on this subject and this is the only one that told the history way before and after the war. a lot of information ,but it was very interesting, highly recommend

A little hard to follow but still good reading.

Good book

Book is in excellent condition.

I gave this book 5 stars because it is a realistic insight into the minds of Chief Joseph and OHoward. It is very readable and interesting. The only problem I had was the author's bias against the South and he makes it very evident in this book. He is one of "those people" who conjure up images of rich Southern planters who rape, beat and otherwise abuse their slaves.....and yet he never really makes a statement about the abuse of the American Indians by the US government. That said, I came away with a real empathy for Chief Joseph and his people. The US army had no qualms about killing Indian women and children. I think the saddest part was that they never let the Nez Perce return to their homeland.....and Chief Joseph's bones were not laid to rest near his father's grave.....but then his father's skull was missing since a rancher had dug it up and gave it

to his dentist brother to display in his office.....

Arrived in perfect condition
