Customer Reviews

Level Two is just what I was looking for: more vocabulary and different verb tenses to help with natural conversation. The only drawback is that the woman speaks a little too fast, but on the upside, that is helping me decipher the German sounds and is preparing me for real conversational situations. I just stop it and go back to listen again if I have problems with it.

the disc is not perfect; some damages

Wunderbar!

Nice. I've had experience with this brand and feel good about having the new one in German.

Learn in the car? When was the last time you saw a car with a tape player. Made the bad assumption these were CDs.

I downloaded the Audible version to play on my phone through Bluetooth in my car. I'm starting with level 2 because I already have a good vocabulary from school - just need work on my sentences. Every sentence is first given in English then twice in German with time in between to repeat. I'm enjoying it - I actually feel productive when I'm in the car now.
