Marc Andreyko is a comic and television writer best known for *Manhunter*, *Batwoman*, and *Wonder Woman '77*, all from DC Comics; *The Illegimates* with Taran Killam, from IDW Publishing; and for organizing the *Love is Love* anthology, from IDW Publishing with DC, which raises money for the victims of the June 2016 Pulse nightclub shooting in Orlando through Equality Florida.

Spent a good afternoon just reading and letting all my emotions fly. I cried, laughed, smiled, even had moments of anger. Very therapeutic and super thankful this was put together. There's everything to find in this book from poems to stories with awesome artworks varying from style and color. A reminder in physical form that love will always win.

Some stories were excellent. The cause was a good one and I realize it was put together quickly. There was just way too many straight guys patting themselves on the back for being cool to gay people when they could have written a story about a LGBTQ character if they gave the effort.

I just started reading this brilliant graphic novel and I love it! It's perfect to teach children and young

adults that even thought there are alot of haters out there it doesn't stop the majority from believing and being in love.

As an avid comic book reader, an Orlandoian, and frequent Pulse patron, I knew I HAD to have this book on my shelf. I have never been very good with explaining my feelings about that night; the worried texts, phone calls, staying up all night listening to updates from OCPD... But these artists and writers have done what I could never do. The stories are short (1-2 pages), but they all send the same message: Love Is Love. I can't recommend this book enough. I wish I could buy a copy for everyone and pass it around just to spread this message of hope.

"But somewhere in a world different from this one A world without rage, and hate, and fear...It never happened. And in that World? Brenda and Isaiah are dancing."A truly beautiful memorial to those we lost; and those who survived. Thank you Damon, for those beautiful words, thank you Leinil, for your art, thank you to all of you for not forgetting.

A searing and powerful exploration of processing grief after a tragedy. Some pages are filled with words and symbols showcasing the writer's feelings after hearing the news, attempts at explaining death to a child and words of defiance in the face of hate. Others are stunning and simple illustrations that show when words fail, art speaks. As someone who lives less than 2 hours from Orlando, it was touching to see so many from the comic book community and other celebrities paying tribute to the victims of the Pulse massacre.

I love this book and I'm so glad to be able to give to this cause. The stories are heartbreaking and encouraging and uplifting. I cried throughout the entire thing. Please buy this and help the families that have lost their loved ones.

A moving collection of comic art written to benefit survivors of the Orlando massacre. Rarely focused on humor, these comics explore tolerance, love, introspection, sadness, helplessness, hope, and resolve. Some are even non-fiction visualizations of personal stories. Like all collections, they vary, but some of these are really stunning. Not just emotionally moving, but visual treasures. Even if you aren't sure, pick up a copy both for the experience, and to help those affected by this senseless tragedy.
