Customer Reviews

Waste of time. Reading free trip advisor blogs gave me better info.

Having just got back from Vienna I'm pleased I found this book. It was very useful during the time I was there. I really like the 'view point's where it lists some places to see Vienna looking it's best and I took some good photos. I also liked the way it focused on attractions rather than wasting many pages about hotels (if you need hotel recommendations this is not the book for you) Overall a decent guidebook - recommended.

Not the Vienna I know. Just the tourist attractions.
