## Customer Reviews

I bought this book for the UCC course in law school. I used it quite heavily as it contained a lot of statutes that we need to know. We had open book exams so I book marked the statutes. I like the book as it gave examples in order to clarify what the statute itself was saying.

required reading in law school. no real opinion. it did its job.

Loved it. Wish the paper was a bit thicker so it could be highlighted but I bought some oil based highlighters and they did the trick nicely.

Great, easy layout to read the code and comments. I wish it came tabbed.

It would be very helpful to have a kindle version of this book.

It was exactly as it was described

Book came quick and arrived as described

Straight forward standard code book
