Product Dimensions: 9 x 6 x 1.1 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 3.8 out of 5 stars 7 customer reviews

Best Sellers Rank: #750,155 in Books (See Top 100 in Books) #33 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Magazines & Newspapers](#) #43 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Records](#) #69 in [Books > Reference > Writing, Research & Publishing Guides > Publishing & Books > Bibliographies & Indexes > Music](#)

## Customer Reviews

As described with all the minutia anyone could ask for. A truly a handy reference guide for those who need to see it laid out in front of them in black and white type.

A very helpful guide for collectors!

Title says it all. I found it a little difficult to use. Poor supporting documentation and lacks 78 rpm data.

I found this book to be extremely informative, even though it may be missing many artists and albums in its price guide. The information pertaining to what to look for and what \*not\* to look for helped me immensely when I decided that I wanted to become a collector of vinyl.

I purchased this book back in 1997, at that time it was up to date, justfound my old dog eared copy,

and it is still an enjoyable reference guide, but there are newer price guides available now that I would spend my money on.

Umphred is pretty sharp and his book is too. There are loads of good pictures and a host of informative essays in the front. The one about the Beatles and about the Dylan rarities are notable, as well as his list of the 100 most valuable albums. My collection is not that big, but I love this book and bought it even though a friend had already lent it to me. Enjoy

I am very surprised about this issue missing many important singers and has a lot of wrong information the 4th addition is much much better than this issue.
