## Customer Reviews

“This book is smart and useful—and it’s well-designed. Students can easily find what they need.” - Susanmarie Harrington, University of Vermont  
“I like the focus on different types of academic essays—arguments, rhetorical analyses, research reports, personal narratives, literary analyses, and so on. I actually changed the focus of my class to address these kinds of writing.” - Jonathan Purkiss, Pulaski Technical College  
“For its price, The Little Seagull is the best college-level handbook available.” - Paul Licata, Valencia College  
“The combined glossary/index is great. Students get to understand an unfamiliar term and at the same time find a page with further instruction. This is efficient, reader-centered writing.” - Carolyn J. Fulford, North Carolina Central University

Very nice book and will help me write essays more perfectly ... highly recommend! got A on my first assigment btw .. Thanks a lot

I will keep this FOREVER! This book will come in handy for the rest of your college experience! Every time I go to write a paper! I use this book to overlook it and make sure everything is grammatically correct an I'm ready to turn in my paper!

Everything you need to know about APA, MLA, citations, summarizing, you name it! can be found in this book. Really helped me get through my first semester of college and helped me out when writing my papers. Highly recommend for college/ high school students.

Arrived just in time for my class

super great book for editing papers and you need many many styles its perfect to look over and

then write a paper. I would never get another unless I need more indepth so great a life saver.

Was required to buy this for a writing class, but actually turned out to be a pretty handy writing guide. It has guides for all the different citation styles (AMA, APA, Chicago, etc). And it has writing guidelines for different types of papers. I keep it on my desk now and break it out whenever I have to write a paper for a class. I would recommend it for anyone that writes academic papers.
