## Customer Reviews

I have read book about cooking and that it is good for our health a pressure cooker food than an oil fried food, This is book gives me interest in cooking at a pressure cooker. Different recipes to cook, where i have cooked one of the recipes. The beef recipes i will sure to cook, beef in our place is much cheaper than meat. Adding desserts recipes make this book complete. Good cookbook.

Lots of recipes that are healthy and delicious too! Glad I found this gastric sleeve cookbook by Selena Lancaster. I tried some dishes already and they are nothing but perfect! Easy to prepare and superb tasting too! 5 stars for this!

This book provides suggestions and recipes that will help you to follow a diet plan after bariatric surgery. Extremely useful and a good book to address many postoperative problems associated with proper nutrition, which leads the author of a particular formulation to restore your digestive tract, also targeted a natural way to maintain the desired weight. This book contains excellent recipes for the preparation of different soups and smoothies, as well as a variety of delicious soft food.

This cookbook is a user-friendly and made my cooking experience easy and interesting. There are 40+ recipes that we can make all are bariatric-friendly with under 15g carbs, 5g sugar, 5g fat and over 10g protein per serving. The recipes that I wanted to try first are spicy Jamaican chicken, Thai green curry with chicken and more.

I guess, what I'm really after is the recipes that I could get! There's a lot to try but of course, I will choose what I can. Good thing, this cookbook make things easy for me and most importantly, making everything tasty for my tummy!

i can't imagine myself going to this said surgery. i mean i'm not that desperate yet. But I must admit that I was convinced with it. Not sure when this might come in handy, so I got it anyway. 40 meals to enjoy even after having the weight loss surgery. the suggested meals are highly-nutritious and cooking them is hassle-free using a pressure-cooker.

Took it to my nutritionist and she said it is an excellent book! My husband even likes the recipes I've tried, and that is a big plus! It really helps to keep with goals!
