SS05 WORKBOOK GRADE 6 (Scott Foresmen Social Studies 2005)

Synopsis

What does it mean to make a difference? It means challenging ourselves every day to make the world better, in small ways and large. Today, it's more important than ever that we show our students what it means to be citizens of this nation - that respect, caring, responsibility, fairness, courage, and honesty are the pillars that make us strong. Scott Foresman Social Studies helps you make a difference. With rich content that captures students' imaginations and built-in reading and vocabulary instruction, your students will not only be learning, they'll be preparing for success on high-stakes state and national tests. Plus, exciting lessons from Colonial Williamsburg, the nation's largest living history museum, give your students unique opportunities to connect with the past. Take a look and you'll see that Scott Foresman Social Studies truly makes a world of difference! Freedom to read and succeed. Freedom to learn. Freedom to act. Freedom to teach. Scott Foresman...Teaching Freedom.

Grade Level: 6 and up

Customer Reviews

The workbook is super easy. I am home schooling my 11 yr old daughter who is in 6th grade. I use this with the hard cover soc studies book also. The workbook may be too easy for some but I like it. My daughter is not an over achiever and is taking a year of public school this year. Middle school was a shock so I am taking it easy on her with the home schooling this year. So for us the workbook

is just fine. I like the tear out pages and it tells you what pages you need to read in order to do the worksheet. Simple.

Scott Foresman books and work books are always a go to choice for my homeschooling social studies and science. The literature is always on level, interesting, filled with great pictures, and unit projects. My students can read independently and comprehend. I really appreciate these books.

This is a great resource to go with the World History book we are using. I would love to see a better end of unit review included, though.

This workbook is okay except that you have to either use the textbook or look everything up online.

Love it

Covers 6th grade subjects. Good help to study and practice at home.

Got this workbook to go with the textbook. It's pretty basic, with an activity to go with each lesson. I expected more content, though.

Brought this because I was moved to 6th grade and didn't have the workbook pages to go with the series. Love this because now I have the pages and don't have to create my own.
