'Doreen Virtue is the undisputed queen of angel scene' The Bookseller 'A West Coast Goddess' - Saturday Telegraph Magazine

Doreen Virtue, Ph.D., is a doctor of psychology who works with the angelic realm. She's the author of Archangels & Ascended Masters and Healing with the Angels, among other works. Doreen has appeared on Oprah, The View, Good Morning America, CNN, and other programs; she presents workshops around the world; and she also has a weekly call-in talk show on HayHouseRadio.com®.

A very therapeutic meditation by Doreen Virtue. I could feel the healing affects right away as soon as I started the meditation. It is kind of long (around 50 mins long) but that is why I think it is very effective. Also, Doreen Virtue's voice is so calming and the archangels are always beautiful to work with. Light an incense for a more calming session. I highly recommend it!

This is a meditation and during the meditation, Doreen speaks of each of the arch angels by name and states what they help with what their jobs are. I made a list for myself, in my angel journal just so I know who is helping me with what. It will relax you and lull you and bring your blood pressure down...it takes you to a different time and place. Sometimes I even get so relaxed I fall asleep. I had to listen to it 3 times before I kept awake thru the whole meditation. It's wonderful.

I can not get enough of this CD. !! It can be used as you sit quietly and Meditate, but if you want to Learn the names of the Angels and what you can call on each one for, Its a Great Educational CD to Understand that each Angel has a Specialty..!!! I HIGHLY Recommend it..!!

If you are into the Angelic Realm and/or are tired of looking around for the right cd to help you heal/advance any areas of your life. This meditation is very very good and it covers a lot of ground in many areas of your personal life. There are no words to describe how positive and powerful this cd really is. I highly recommend this. Thank you so much Doreen Virtue for this wonderful gift you've given us and the Angels and Archangels as well. RAY ST JOHN

I have done this meditation several times, the first time I cried during some parts, which is good that means I had some stuff to clear out. It was wonderful to start hearing the calling of all the angels to come and gather around me to begin doing their healing. Each angel has their own job and it is a wonderful feeling. The first couple of times I was full of energy/couldn't sleep, now I am at peace and have one of the deepest nights of sleep ever. Each time you can choose an intention for that particular meditation, and one will be healed/helped in that particular area of one's life. I offered the CD to my mom and she was also loaded with energy. I highly recommend this CD. Well done!

You just can't go wrong with any of Doreen Virtue's work. These meditations are powerful and you will want to listen to them all. I recommend getting Doreen's "Angel Therapy Handbook" as well if you are really trying to clear your energy field and recreate your life from a place of clarity and inspiration.

I was really impressed with this CD. The narrator's voice is calming, the music is subtle and fits, and the concepts are very applicable to just about anyone and any type of problem. If you are open-minded and willing to try anything to feel better or "heal" so to speak, you MUST have this! It also helps if you truly believe in angels and the power of your thoughts, memories, and the

possibility of past lives. It helped me achieve a deep state of relaxation, relief, and spiritual connectedness.

I started doing meditation a few weeks ago and I love Doreen Virtue's work so when I saw that CD I really wanted to buy it. Her voice is fantastic. She is calling on the archangels to help with different areas of the body and mind. I fell asleep during the meditation and woke up a few minutes before the end feeling very well.
