The LawDog Files

Synopsis

LawDog had the honor of representing law and order in the Texas town of Bugscuffle as a Sheriff's Deputy, where he became notorious for, among other things, the famous Case of the Pink Gorilla Suit. In THE LAWDOG FILES, he chronicles his official encounters with everything from naked bikers, combative eco-warriors, suicidal drunks, respectful methheads, prison tattoo artists, and creepy children to six-foot chickens and lethal chihuahuas. THE LAWDOG FILES range from the bittersweet to the explosively hilarious, as LawDog relates his unforgettable experiences in a laconic, self-deprecating manner that is funny in its own right. The book is more than mere entertainment, it is an education in two English dialects, Police and Texas Country. And underlying the humor is an unmistakable sympathy for society's less fortunate - and in most cases, significantly less intelligent - whose encounters with the law are an all-too-frequent affair.

Customer Reviews

I must say I have been reading these shorts since the early 2000s on TFL, and it's great to see

them finally collected in a single place. By turns hilarious, poignant, and thought provoking they show the life of a deputy sheriff in small town West Texas, and the miscreants one encounters in the course of duty. It's a defacto tribute to all those who wear the badge, day in and day out, and the things and people they have to put up with. Highly recommended!

I've been a reader of LawDog's blog for years. When I heard he was compiling a book of his experiences in BugScuffle County, I knew I was in for a treat. I ended up reading it in one sitting. It really does remind me of Mayberry and Andy Griffin meets Blazing Saddles and Sheriff Bart. My wife wondered what was so funny as I was just laughing all the way through. If you think is a book for the law enforcement crowd, think again. If you've got a funny bone, you'll appreciate this. LawDog's sense of humor is one of a kind, but it speaks to me. I can only hope to have some of his mannerisms one day. TL;DR - Want a good read of the exploits of a small town deputy? Get this book, read it, and enjoy!

Laugh out loud! What an entertaining book. Yeah if you are constantly on the wrong side of the law you may not think it is so funny but then again you just might. There are some touching moments as well that could put a lump in your throat. Lawdog where have you been all my life?

Yes, it's set in Texas; no it is not ^raciss^. Very funny deadpan take on deadpan observations of hard scrabble life by a Sheriff's Deputy. In Texas. Hey, dumb is dumb but it can be hysterically, er, less than sensible...

I went through this book in one sitting laughing like a loon for the whole thing! So do not read this in public! I've read LawDog a while back, it's fantastic to see all of these stories in one place.

This is a great collection of short stores. These from Lawdogs blog. It is an overused cliché that a story made you laugh out loud but some of these stories really did. (to the point that it was hard to breath).

Very funny, easy read. The jail night reports dragged it down a bit in my mind I'd have rated it a 5 start except for them. His use of words is very interesting indeed.

But well worth it. If you have read the blog there is nothing new here, if you haven't you are in for a

treat. If you can get through the story about Mr. Johnson without getting a lump in your throat...well then I don't think we can be friends.
