Marco Polo Maps and City Maps are famous for their high quality cartography and additional features like "mark-it" stickers which help to pinpoint a destination for future reference and aid route planning.

Map was accurate but only major roads and started separating at the creases within a week of light use but constant fold to the correct area. I will have to go back to using my Michelin Europe map after only a few weeks of using this one.

With this detailed map I am able to follow the events in Ukraine and plan to bring it with me when I travel to Russia.

nicely done
