Computing > Internet, Groupware, & Telecommunications

Customer Reviews

This is a pathetic guide that does nothing to guide the reader on use of the Tap. should be ashamed of allowing this product to have their name on it.....

This was a great guide for the features of this fun gadget. It is short, concise, and really tells you the

things you need to know about the gadget. Recommend.

This guide must have been written in 15 minutes. There is nothing in the guide that would not be immediately obvious to any casual observer. This is an absolute rip-off. OK it only cost \$3.00 but it isn't worth a cent.
