Customer Reviews

Exactly what I needed. Exactly what was promised. Quality of the information is really good.

This is all new to me at 68. Great little book. Keep referring back to it.

I'm new to hemp products. My specialist has prescribed it for me due to several health issues. This book explains it and makes it easy to understand. I would highly recommend it.

The description of CBD Hemp Oil in the book is very informative and in accordance with my own experience.

Very good and informative. Wish I had known about this year's ago.

Information everyone can use about CBD oils. Good reference.

I would not recommend it to my friends. I would not recommend it to anyone except maybe a scientist. They probably would understand it and maybe even find it interesting.

Brandon is a wealth of info. Good, clear and concisely written.
