Customer Reviews

Who can resist Beatrix Potter with her soft water color illustrations and adventurous but life-lesson stories? This book appears to be about a 10 minute read, but may take longer if your little one wants to study the delightful illustrations. It measures 4 1/4" x 5 1/2" so it is perfect for little hands to hold, or to stuff in your purse. It is a hard-covered book. I am excited to give this book along with Gund's stuffed Benjamin Bunny to my 1 year old grand daughter!

Another Beatrice Potter book that is so cute for a little three year old. Good old classic story by a

great author

Gift for new born. New parents loved it...

Read these books as a child and bought them to share with the next generation. Book is small and beautifully bound. Contains the original illustrations of the author.

This was a lovely addition to an Easter basket! Great quality, brand new.

Always

The books are small, but they are the exact same size books I had as a child and there was never an issue. I think the small size was part of why I liked them so much.

Small quality books with dust jackets and all her wonderful illustrations just as ordered by Ms Potter herself!
