## Customer Reviews

Celebrating 75+ years as the world leader in the test prep industry, Kaplan Test Prep ([kaptest.com](http://kaptest.com)) is a premier provider of educational and career services for individuals, schools, and businesses. With a comprehensive menu of online and on site offerings as well as a complete array of print books and digital products, Kaplan offers preparation for more than 90 standardized tests,

including entrance exams for secondary, college, and graduate schools as well as professional licensing exams for attorneys, physicians, and nurses.

The biology and chemistry portions are thorough and there are not as many practice questions. I strongly recommend researching online for additional practice questions and having additional resources for organic chemistry and physics. It does however cover the main topics of everything that is to be expected on the test. Best wishes to you all taking your optometry admissions test.

I used this book + a couple of sample test apps to practice for the OAT and was able to score a very good score. The two practice tests provided in the book are a very helpful guide to show you where you need to focus your studies as well as give you a good exam as to how the actual OAT is structured and will feel like.

Purchased in preparation for the OAT. Decided not to pursue being an optometrist due to the job outlook in NYC, but the book was thick and chock full of review and practice materials. All-in-one package with 2 practice tests so no need to have to buy other subject review books. It was packaged in a large box and sufficiently filled with packing material. The book came in great condition thankfully.

Serves as a really great refresher for subjects and minor information you may have forgotten over time

Getting ready to take the test and many people have said to use this book to study. Reviews many important topics, major book to study for the OAT with.

Wish it went into more detail. I hope this will be enough for the OAT. Overall it does give a nice overview of material.

Helped me get fantastic OAT score. I would recommend. to a friend!

Fast shipping!! No problems!!
