A World Of Fairies - A Fantasy Grayscale Coloring Book For Adults: Flower Fairies, And Celestial Fairies By Molly Harrison Fantasy Art

Synopsis

A World of Fairies is filled with the fairy art of Molly Harrison featuring flower fairies, celestial fairies and more! This is a GRAYSCALE coloring book, which is a fun way to explore coloring. Rather than simple black and white lineart, these images contain all the values ranging from black to white. Marker works well with this type of coloring as does colored pencil. Gel pens might be a bit too opaque to allow the shading to come through so it might be best to limit gel pen use to highlights and accents. Please put a piece of thick paper such as card stock between the pages to prevent any bleedthrough if you use markers. This coloring book is not suitable for wet media, such as watercolor. Feel free to cut the pages out and copy them onto watercolor paper or heavier paper if your printer allows (always check first!). Most of all, have fun and please see Molly's other coloring books!
