Ethical Issues In Modern Medicine: Contemporary Readings In Bioethics, 8th Edition

Synopsis

A Doody's Core Title for 2015! *Ethical Issues in Modern Medicine: Contemporary Readings in Bioethics*, Eighth Edition, is a comprehensive, state-of-the-art anthology that covers both traditional and emerging issues in the field of biomedical ethics with engaging case studies and reflective papers written by leading scholars. Each of the book's seven parts begins with a helpful introduction that raises important questions and skillfully contextualizes the positions and key points of the articles that follow. This eighth edition has been thoroughly updated to include the most important recent contributions to contemporary debates, and all selections have been subjected to the editors' exacting standards for both scholarly quality and teachability. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Customer Reviews

The book is as advertised. The condition was not good. The cover was separating. the first page was almost torn out and the binding was torn. The book was returned and another was ordered.

great product

The book smells like cigarettes

Book came in quickly and in good condition. There were some highlights throughout the book, but still good. It contains some pretty interesting cases that students can discuss for hours. I feel this is good ethics book.

A required book for my class. Very costly for a digital download rental. Written with a political spin, IMO.

Book cover was in poor condition

got me through class

It came on time and I was happy with the state of the book.
