Bible Acrostic Code Mysteries: Revealing DNA, Fractal And Quantum Creative Linguistics

Synopsis

There is always an excitement of adventure as we explore the unknown. Scientists making discoveries about DNA, Fractals, quantum mechanics and hidden dimensions of the universe experienced that thrill. Is there a similar Eureka! moment when we find scientific principles embedded in ancient scripture? Those that sailed the vast Atlantic to the “New World” brought back wondrous stories of peoples and lands. Those that ventured into space for the first time and even set foot on the moon captured the imagination of earth’s people. Ride along with us as we journey through the largely unexplored land of Bible acrostics. Yes, these acrostic verses with lines that have words in a pre-arranged alphabetical pattern have their own beauty as prose and poetry. Many Bible scholars have acknowledged and appreciated that over the years and centuries. But further exploration reveals these acrostics have a coded pattern in which mysteries of DNA, fractals, hidden dimensions and quantum mechanics are revealed. Are the modern “discoveries” of science uncovering what was already embedded in scriptures from ancient times?

Carl is involved in Christian ministry and has taught Bible seminars in the US, Canada, Haiti and Africa. He currently serves on the board of an inter-denomination Christian transitional shelter for those in crisis. Carl and his wife Connie reside in Southeast Missouri. Mark and Cathy Eaton are

ardent etymology researchers of Greek New Testament linguistics. This has culminated in their book: Eaton New Testament Lexicon. The New Testament has its roots in the Old Testament and their efforts have naturally followed on to data mining Hebrew symbols and their related word characters and etymology. Mark and Cathy have contributed their insights as part of many conferences across the US. They reside in the Dallas, Texas area.

Reveals patterns and fractals found throughout the Old Testament and details links of God and man through genetics and repeating patterns in creation. Interesting link noted of the Hebraic numbering system and pi. The book causes wonder and a thirst for further study and offers an insightful look and points to further research at connections between Creator and creature. Note: I had the opportunity to read the book pre-publication. Thanks to the authors for the opportunity.
