Customer Reviews

I cannot begin to tell you how much I love this cookbook. Not only is it chock full of recipes I remember my Mom making, it's got some others I'd never tried but had only heard of them. Once you toss that jar or can, the recipe on the back is gone. No.... wait.... it's here!!! A must-have for any home cook. My very favorite recipe is Hollandaise Sauce made in a blender. It's no-fail, delicious.

As a lad when I visited my grandmother, great-aunts, and mothers of my friends, I enjoyed the oh so tasty dishes they seemed to magically conjure. Now I know where those ideas came from. In day gone by, manufacturers wanted the ladies of the house to purchase their latest product, As a enhancement by and try, a free recipe was often listed on the back of can, bottles, etc. Many of

those Sunday dinner specials you may have enjoyed during a visit to someones table came directly from the back of the items found in the local mom and pop stores.(These days,larger markets carry on the tradition as well)Now, there is an amazing well thought out collection, a source for almost all of my favorite taste treats from the kitchens of those wonderful ladies who took great pride in serving only the best to their family, friends and the pastor. Give this one a try... You won't be disappointed. I have given several copies to those who have been seeking the same childhood taste memories I cherished then and now.

This is a classic compilation of all those recipes our Mothers made when we were growing up in the 50's and 60's. I had a copy years ago and lost it during Hurricane Rita. I was amazed that I had a source for it. Loving my cookbook!

love it

OK ,I bought it in used condition my choice

This is one of my favorite cookbooks. It makes going to the supermarket easy--buying recognized brands and using the recipes created for them. The instructions are easy and quick. The finished dishes have been tested and are delicious! I highly value this cookbook as a ready resource for my cooking. I am so glad Mr. Dyer wrote/published this collection of recipes.

Oh if you are a recipe lover and like affordable meals this is for you!

would have given it a higher rating if it had pictures! Good recipes!
