I got this for my significant other for christmas and he is obsessed. He is a big year round fisherman and is very interested in the depths of the lakes. This has been a great guide for him and all of his friends are envious of it and ask me where to get their own. It has a lot of unique facts about even the smallest lakes.

This is awesome! It is very informative and it is extremely detailed. I found lakes I didn't know existed! Highly recommended!
