Synopsis

(© 2008) Each section that specifically refers to the Christianity and Catholicism has been granted a Nihil Obstat and Imprimatur. Exploring the Religions of Our World allows students to build on their understanding and experience of the Catholic Christian faith by studying different religious traditions. The text begins with a study of Judeo-Christian history, practice, and tradition before expanding to the study of other less familiar religions including Islam, Hinduism, Buddhism, Taoism, Confucianism, and Shintoism. The text moves on to uncover a variety of religious traditions that sprang from America's Protestant roots including Mormonism, Jehovah's Witnesses, and the Church of Christ, Scientist. Each chapter begins with an introduction that connects each religion to a contemporary person, practice, or teaching. A brief history follows, including information on the founder and other major figures in each respective religion. Other sections include those on scripture or major writings, beliefs and practices, and sacred places and sacred times. Each chapter ends with a Catholic apologetic focus and includes a look at ecumenical or interreligious dialogue between the Catholic Church and each particular religion. Similarities and distinctions in doctrines, traditions, and practices are also explored. This text was written in accordance with the U.S. Bishops' Curriculum Framework and follows Elective E: Ecumenical and Interreligious Issues.

This is an extremely well written and developed book, providing great insights and accounts of religions and the history behind them. I highly recommend this book for those who seek to truly understand the whats, whys, and hows of various religions. To understand the religions of others is to truly come to better understand oneself.

The book was used when I received it and a little beat up, but still a good book. I am an adult and wanted to learn more about world religions. I'm not done reading it yet, but I have found it to be very informative thus far.

Clear, concise writing offering good introspection into the religions around us. The book offers insight into aspects of religion many do not consider.

We received this book in the mail last week. It is well written, with color photos. It is also an easy read for my 12th grader. We are Catholic homeschoolers and using this book for his religion text for this year. Highly recommend.

Extremely interesting . . . truly enjoyed this book with my Bible Study Group.

It's a brand new book. Great.
