Excellent service and product was more than I was hoping. I just hope to make it to the actual Vasa museum one day, instead of writing a paper about it for school and reading a book about it. Good book and paper, at least I hope it was a good paper, but nothing beats seeing something in person. Thank you for the book and the personalized note.

VASA souvenir book is great! I didn't get to see the ship when I was in Sweden, so this reading filled in the gap to my trip.

gives a short history of "Vasa" and has some very good detail information. This pamphlet is a must if you are interested in "Vasa".
