Synopsis

Building a New Empire is supposed to be dangerous, but training the next generation of leaders? That's not supposed to be dangerous, right? Follow us as we have the people in the Etheric Empire setting up a special academy to train the first set of teen's on a leadership track. They are supposed to learn about the different groups in the Etheric Empire and areas (including R&D, Weapons, Operations and others). Unfortunately, some of the members of those teaching teams tapped to train the kids don't realize how ... adventurous... the teen's can be. Especially if the teachers are Team BMW. Travel with us as we are introduced to Alpha Class, one of the teams in the new Etheric Academy as they merge human's and Wechselbalg (Were's) in a group of five young adults as they learn to become the first cohesive group on their first assignment. With Team BMW as their teachers, nothing could go wrong, right? *** A Kurtherian Gambit Adventure for Younger Readers.... Or those who are young at heart. ***

Customer Reviews

I am so glad I started reading the Kurtherian books, because it has led me to a bunch of really good authors. If you enjoy science fiction mixed with paranormal you will really like this series.

Written for the really young. Very Dick and Jane'ish. Would probably be better if was a graphic novel and provided with warning kids only.

This was an excellent side-story to the Kutherian Gambit main series. I'm really excited by what I am seeing from TS Paul. I am looking forward to the next of the stories from the academy. I am really looking forward to the start of the third cycle of stories from the Kutherian Gambit. I am on pins and needles. Best wishes to TS Paul. I'm waiting not very patiently.

These are going to be fun!!! Can you imagine BMW teaching classes!!! LOL This series is going to be fun to read. I cannot wait until the next one to see what BA does to Bobcat aka Bozo!!!

Great addition to this growing universe of characters and gives insight on what is going on behind the scenes. I am looking forward to the next installments on all sides of this story!

Beginning of another spin-off from the main line of the Kurtherian Gambit story-verse. And a great beginning it is. If you like any of the books set in this fictional world, you are likely to love this one. Works as humor, action-adventure, mystery and Young-Adult. Strongly Recommended.

This book is the beginning of a great spin off from the kutherian series. Although it is more young adult, it is fun reading for all ages. I enjoyed the alien space craft and the moon landing conspiracy theories. The only suggestion for improvement is the recipe at the end for borscht. Add a step at the end to remove the bay leaf before serving.

I knew T. S. Paul from his book *Conjuring Quantico* (read it!!!), and his cooperation with Michael Anderle is unbelievable! I'm reading anything in the Kurtherian Gambit Universe, but combining the two authors is an absolute delight!! Genius
