Customer Reviews

As usual. The author carries us from situation to another. Kara has problems with her gift from the dragons. Everyone is on a war footing during the ceasefire with the Vi-kit-nosac . Enjoy, Trapper

I have really gotten into star force, it has an intriguing premise, it has battles both on the ground and in space, interesting characters and scenarios. Fantastic series!!!

This book appears to be turning everything on its head. This is one of my favorite books since the origin series.

One of the great works of literature. Takes the story to stunning levels in the most masterful way.

I have yet to read a star force addition and not get giddy, and excited. Can't wait for the next one. You keep writing, and I'll certainly keep reading.
