Comprehensive and Satisfactory,

I passed after using

I never know a exercise book can be a lot of help, but now I know it, it is very good help.

Good for preparing for the GED and even good for studying for a college board test. This book will strengthen your knowledge in social studies, no doubt.

I wasn't sure once I'd gotten this why I bought it. All it was worth was the 30-something pages it was written on. None of the quizzes were relevant to the partner study book, and I truly felt I had been cheated by this book. It's not worth your money.

thanks

It's a very perfect book for ged. I like it I try reading its very hard but it's for ged.
