Customer Reviews

Whether Cliff Notes or Sparknotes, both are extremely helpful as a supplement. You still have to read the book. When I read the book in my high school days, I didn't fully see the unwritten and subtle meanings expressed by the character's actions or quirky personalities. Now, rereading the book, and using SparkNotes gives me more insight.

Really helpful for a kid not used to analyzing literature. Best used AFTER you actually read the book to deepen your thinking.

Just what we needed to wade through the book.

Good summaries and explanations of plot.

Not as good as the other Spark Notes.

Bought for my child to supplement his reading. It definitely assisted him to better understand the

literature.

very helpful for studying the book
