Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online

and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

Exactly what I was looking for!

Our son who is using this product is satisfied with the quality and usefulness of this product. Would definitely recommend this product.

It's a solid tool, but certainly more is needed to adequately prepare for the exam.

None of the questions and answers on the flash card were close the questions on the test.

would purchase again. she says it is very beautiful , This one is one of the best you will never regret from purchasing it. I advised not to be using by non professional because it may cut your finger love it . so fast, receive it next day .
