"What Brendan Powell Smith has done with LEGOs goes beyond remarkable; it borders on genius."  
•Chicago Tribune --This text refers to an alternate Hardcover edition.

Brendan Powell Smith is the author of the bestselling Brick Bible series for adults and six children's books in The Brick Bible for Kids series. He has produced more than five thousand illustrations retelling over four hundred Bible stories. He lives in Mountain View, California.

It has 6 stories, all age-appropriate. And the website it links to is the kid-friendly version (as much as I love the real brick bible website, it is not child friendly FYI). I think this is an amazingly fun book for anyone who is teaching their kids bible stories. Also a great gift for relatives for first communion or baptism or events like that. What kid doesn't like legos? If I had had this book as a kid, I may have had a Lego Moses part the Red Sea while the pharaoh chased after him on a Lego dragon. Who says the religious stories can't be fun?

It is definitely the kids version. I kinda wish that I had skipped this one and just got the full brick bible. Can't blame the author for it though. Well done.

My seven year old loves Legos and loves these books. Some scenes are graphic, so you may need to use some discretion as to whether or not it is appropriate for your child, but still yet, it's a great conversation starter for some more of the messy topics that can arise.

From a family that loves the bible and legos this book is perfect!

Impressive set, nice quality and sturdy. A couple of the story choices in this set were odd/a bit boring for kids. I hope they publish more collections with different stories.

Bought these for my niece (age 8) and nephew (age 7). My sister says they LOVE them, and she sent photos of them reading the books while eating and doing other things.

Grand kids love this book, they are reading and retelling stories on their own. Just keep in mind not

a complete Bible.

A terrific gift!
