A Parrot In The Pepper Tree: A Sequel To Driving Over Lemons (Lemons Trilogy)

Synopsis

Chris Stewart's *DRIVING OVER LEMONS* told the story of his move to a remote mountain farm in Las Alpujarras -- an oddball region of Spain, south of Granada. Funny, insightful and real, the book became an international bestseller. *A PARROT IN A PEPPER TREE*, the sequel to *Lemons*, follows the lives of Chris, Ana and their daughter, Chloe, as they get to grips with a misanthropic parrot who joins their home, Spanish school life, neighbours in love, their amazement at Chris appearing on the bestseller lists . . . and their shock at discovering that their beloved valley is once more under threat of a dam. *A Parrot in the Pepper Tree* also looks back on Chris Stewart's former life -- the hard times shearing in midwinter Sweden (and driving across the frozen sea to reach island farms); his first taste of Spain, learning flamenco guitar as a 20-year old; and his illustrious music career, drumming for his school band Genesis (sacked at 17, he never quite became Phil Collins), and then for a circus.

Customer Reviews

Absolute delight! Having just spent time in Spain, I nestle down to read and be transported to the rural adventures of a Chris, Ana and Chloe with their crazy menagerie of animals! Chris's skill in

humour is incredible . Love every word...Driving over lemons, Parrot and now the third book ...I cannot put it down!

A funny continuation of the adventures of an ex pat Brit.A must read for fans of Chris Stewart.

A real escape read.The author's adventures in Spain are fascinating and funny.It took up after his book, Driving over Lemons, which was also hilarious.Chris Stewart writes about the things I think many of us would like to do but don't have the energy or are afraid to try.I have his third book in the trilogy, The almond Blossom Appreciation Society on my Kindle which I'm greatly anticipating reading.

I enjoyed this book found it a very easy read and very funny in parts. Looking forward to reading his next book. Have just seen Rick Stein in Spain and saw the I review with Chris Stewart which added interest to his narrative!

I loved the first book in the trilogy and have been meaning to read the follow up for a couple of years. It didn't disappoint. More anecdotes about life in Spain with his "oddball" neighbours. This book makes me want to visit the Alpujarras region of Spain more than ever.

I have never used the phrase "fun reading" when describing a book, but my wife would often ask what part of the book I was on as I bust a gut laughing. Thanks Chris!

Fantastic read - very engaging

Terribly boring. After reading the first novel this was a big disappointment.
