Customer Reviews

I have made oatmeal in a mug in the microwave oven and have seen recipes for making brownies or cakes the same way, as well as articles about making meals in an electric coffee maker. However, I never considered the possibility of making dishes such as french toast, pepperoni pizza, burritos, barbecued meatloaf, spinach cheese chicken, or a meatball sub in a mug in a microwave. "Mug Recipes" delivers recipes for all these and many more, with short, easy-to-follow ingredient lists and instructions for fast preparation. I can imagine this collection would be very useful in circumstances where only a microwave oven is available, such as in a dormitory or hotel, or in an office or prison. These recipes could also easily be adapted for one-pot meals for

backpacking. There are over thirty recipes, from salads and breakfast dishes to main courses and desserts. It would be handy if they were grouped by type, but the table of contents is easy enough to skim through to find the right one.

Author Ada Watson has written a fairly decent cookbook filled with many delicious sounding recipes. Unfortunately you will find some minor formatting issues in the recipe directions in particular. Some of the recipes you will find include: Mac-N-Cheese Chicken and broccoli (as written in the cookbook) Baked Potato Egg Sandwich Strawberry Short cake (as written in cookbook) Mug Burrito There is an interactive table of contents making navigation easy. Recommend with caveats given. MR

I love mug recipes. A good collection of recipes for all day long. You get only one or two portions and don't have to store the extra servings, Some unusual recipes that sound yummy.

Nice selection of easy recipes. They are clever and perfect for the cooking and baking I am sharing with my young granddaughters.

Fine

I'm not sure what size mug they used but most recipes make more than one cup mugs. And many is made with canned foods. What about the left overs.. most would be easier making the stove for multi mugs..just not worth it to me..

GREAT IDEAS FOR QUICK MEALS!
