Customer Reviews

It was a complete pleasure to create this product. It took two years of prayerful research, writing virtually all lyrics and music, all of the arrangements, performing virtually all of the instruments, performing the lead vocals, co-producing, and working with the talented 10 time nominated co-producer David Slagter Hayes, and the immensely wonderful talent, enthusiasm and humor of male lead vocal Ron Raible. It was such a good time going to the studio day and after day, month after month, and recording all of the parts, laughing at Ron's antics, being blown away by the beautiful sounds and the wonderful energy and talent of the children's choir. I'm so proud of this product. I loved every minute of it. It's such a pleasure to read the reviews of parents and kids who have enjoyed and learned from this work. Thank you for all the kind words! Elaine Osborne --This

Born and raised in Vancouver, Canada, Elaine Osborne wrote and performed the acclaimed musical creation entitled The Singing Bible. With the help of 10 time Juno nominated co-producer David Slagter Hayes, Elaine wrote virtually all lyrics and music, arranged all fifty one songs, performed virtually all instruments, and performed the lead vocals. Elaine took two full years to research, write, arrange, perform and co-produce The Singing Bible. With the addition of the vocal talents of Ron Raible and a fantastic and vibrant children's choir, this product is a fully produced and beautiful work on 4 CDs or cassettes, published by Focus on the Family. Trained at the VCC School of Music in Vancouver, Canada, Elaine was raised by parents who were both renowned choir directors and soloists in England and the Vancouver area. Growing up in a musical family, with an extensive history of performing in musicals and both community and church children's and adult choirs, Elaine put her heart and soul into creating this fully produced musical product which helps children and their parents to learn both the overview of the Bible, and highlights specific passages that help foster a love for God and the Christian faith. --This text refers to an out of print or unavailable edition of this title.

These CD's are fantastic! Very high quality production. The songs are very well written and well thought out. The very first song is the books of the Bible; if you don't know the books it may be hard to understand BUT.....there's an insert included with the words to every song. We homeschool so I'm always looking for quality material. All of my children from 2-16 absolutely love these CD's; myself included! I have recommended the singing Bible to all of my friends.

These CD's are awesome and my three year old loves them. It is bionically sound and speaks truth. I have been recommending this to friends.

My kids loved this growing up and I purchased another for a shower gift!

I love the Bible put to music. I am just disappointed that it's not verses word for word with the reference in the song. And some of the first songs we listened to were a little cheesy.

I originally bought this CD set as part of a toddler homeschooling curriculum; at the time my kids were 2 1/2 years old. I was immediately drawn into the music and found it as my "go to" kids cd. My

boys, on the other hand, didn't really seem to like it very much. Like everything else in my house, one day it disappeared and I never found it again. Since the boys didn't really seem to like it, I didn't bother to replace it, but I found myself WISHING that we still had it because I liked it so much. Finally, after nearly two years of not having it, I went ahead and re-ordered it. I am so happy that I did! I still love the music (certain songs are better than others, like any cd, but some of them I am willing to listen to over and over.) Now my boys are 4 and 2, and they love it as well (particularly the 4-yr-olds, so I think 2 may just be too young unless your kid really loves music.) Tonight at dinner we sat around listening to the songs, then as they finished, I'd explain the story in greater detail. It's wonderful to see my four-year-olds singing along to the books of the Bible... they don't fully understand it right now, but it will stick with them the rest of their lives and have meaning some day. I don't generally leave reviews, but I actually want to share The Singing Bible with others because I think it is an asset to every Christian child's home. If you want to raise your kids in a home that values lessons from the Bible, this is a great way to get them learning at a young age.

Fantastic! Love the songs and the narration is wonderful, accurate Bible Truth! We've been listening to this for several years and it never gets old. The Bible Truth that my son has learned from this is astounding. Since it's all put to music, I know he will retain it too!

Our kids (4 and 1.5) LOVE these CDs. Impressed at how quickly they memorize these stories and the foundation it lays for theological discussions. Also impressed at the variety of songs considering how many there are! I don't get tired or annoyed by these kid songs

This is a wonderful resource for parents and teachers! The songs are catchy, varied in style, and easy to learn/remember. Kids love the music and pick up effortlessly on the great stories of the Bible as well as the books of the Bible, the overall "theme" of the Bible (God's promised Savior/the gospel), and various key Scripture passages (10 Commandments, Fruit of the Spirit, etc.). I really love the narration between songs, too, because it emphasizes the connections between the Old Testament and New. Highly recommended. (great for preschool and early elementary ages)
