Customer Reviews

K I honestly liked this book but...I've been waiting months for it and I literally finished it in 2 hours. Slightly disappointed. That being said I did enjoy this one. Aside from the obvious editing errors I like the writing style and the feel of all the characters. I can feel this building into something great but

wish it wasn't in 2 hour increments.

This story wasn't quite finished. The proofreading was horrid. Still love the characters though. I will wait for book three to see what improvements have been made.

I'm literally being killed as I type. This is such an amazing story and I go through these books much too fast. The characters are relatable and amazing and the romance that comes easily to one pair and is difficult for another is so good and addictive and real. I am truly in love with these books and time will not pass fast enough until the novella is released. I have to thank M.L. Ridener for writing such an amazing series

Entertaining story. Good characters. Good plot. Worth the read. Interesting peek into the next Potential. I'm enjoying this series. Still wondering what exactly a Potential is and why they are so rare.

Love the story and the characters but the spelling mistakes make it hard to sometimes understand the sentence. The first story was the same but nowhere as near bad as this one. Can't wait to read the next one though.

Very addicting! This one ended on a serious cliff hanger though. Killing me. But good characters, great story line and great romance!

Good book that I happened upon. I like the story and characters. This is an interesting take on the paranormal world. I will be reading the next one soon! Happy reading!

Nooooo don't tell me I'll have to wait for book 3 a long time? Ugh I love this story and I'm gonna go crazy now waiting to see what happens to them and Chloe! Oh I'm gonna pout now tears in my eyes. The Potential books are my favorite story so far I love you miss author lol more of these shifter stories in the future! I love them and you! Please let me know when the third one is out? Hope not long
