Until The End (Sea Breeze Book 9)

Synopsis

The backstory that fans have been clamoring for—how Rock and Trisha fell in love—is the final installment in the Sea Breeze series from New York Times bestselling author Abbi Glines. And don't miss the sizzling epilogue, where Abbi wraps up all the Sea Breeze couples' stories! Trisha Corbin always knew how to hide a bruise. With her momma's boyfriends unable to keep their hands off of her, she had no choice. And as long as it meant the guys wouldn't go near her little brother, Krit, it was worth it. But her days of dreaming that Prince Charming would ever come rescue her are far, far in the past. Rock Taylor always had a plan. Through football, he would rise above the life he was born into. A full ride to play for a major college team was within his reach—assuming he didn't let anything get in his way. But scoring a date with the hottest girl in Sea Breeze was proving harder than expected. Trisha Corbin was every man's walking fantasy, and she wouldn't even glance his way. When Rock finally does get Trisha in his truck, it isn't for a date. It's because he picks her up on the side of the road, beaten and bruised and walking to the local hospital. Before Rock knows it, football is no longer his life. Trisha Corbin is. And he'll do anything to save her. And keep her. In addition to Rock and Trisha's love story, this special conclusion to the Sea Breeze series contains the wrap-up stories of all your favorite Sea Breeze couples: Sadie and Jax, Marcus and Low, Cage and Eva, Preston and Amanda, Jess and Jason, Krit and Blythe, and Dewayne and Sienna. The steamy romance won't stop until the very last page!

I got this book when it was delivered last night! I stayed up until 3am reading to finish it! Best decision ever! This book was incredible! Rock and Trisha did not disappoint. Rock was my hero for sure! The parts with Rock, Trisha and the kids were amazing. They are the best parents, much better than what they grew up with. The epilogue was beyond amazing! I loved knowing how every couple ended up! To get to know all about the kids was the BEST! The ending with Bliss and Nate was the absolute best part of the whole series! To button it all up and end it that perfectly was the best book ending i've read in a very long time. Side note: The amount of children these couples had was unreal, and so funny! Since we know all about how frisky and dirty they can be it was not surprising at all, however to have Bliss talk about it was fantastic! Abbi Glines, you are my HERO! The amount of caring and consideration you put into all of your writing has been an incredible blessing to me, so thank you, from the bottom of my blissed out book loving heart!

I never want to see the sea breeze series end but the way it went.... Wow. I fell in love with all the characters all over again as I read through their stories and got a look into the lives after their books. I can't name one I loved more than the others because they are all just that amazing. Abbi for sure caught me up in her web again. Even though the series is over though, I could definitely go for Bliss York's story, especially after that ending! I can't wait for the next Abbi Gline story... Although sea breeze will always hold a place in my heart. Love you Abbi!!!

Bravo Ms Glines, You have officially written the most perfect ending to a series EVER. Until the End was a bittersweet story of truly powerful love, heart break and redemption. I was so excited to finally read Trisha and Rock's story but also disappointed because it would be the end of my absolutely favourite book series. Trisha and Rock's story was as beautiful as I imagined it would be. Rock was

a true hero who knew true love as soon as it hit him. I also loved reading more about Trisha and Krit's childhood. Every single moment of this book was perfection, Every single epilogue was perfection and ended exactly how it should. Abbi Glines is an amazingly talented author, the type of author where you pre-order the book before it has a title, synopsis or cover. She never fails to deliver a heart wrenching story with the right amount of angst and drama. Until the End was far better than I ever could have imagined it would be. If you have read any of her work you know how fantastic her stories are and this story in particular tops them all. And those last 2 words of the entire book.... You've started something Abbi Glines!!! Something everyone is begging you to finish!!

I'll get right to the point by saying that Trisha and Rock's story was just what everyone needed to read, I think. It was sweet and even though I did not have the burning desire like others to hear their full story, I'm glad it got told. I loved the flashback vs. present day scenes. They really helped the story along and allowed for happy moments even in the middle of some very sad scenes. I also loved learning about Krit and getting a better understanding of why he is the way he is. My feelings about the epilogues are not so clear. Surprisingly, Jess and Jason had the best one in my opinion. The main issue they were dealing with (more-so Jess's issue than Jason's) was very real to me and made me like Jess immensely. (Sorry for being vague, I'm trying to not include spoilers at this point.) What she was dealing with made the most sense out of all the other stories for her character. Some of the other epilogues felt rushed with a bit of unnecessary drama thrown into each. Most were not bad though. Cage and Eva had the sweetest epilogue for sure. Some Spoilers: Okay so now to real reason I am writing this review: I am so horribly and completely disappointed by Preston's and Amanda's epilogue!!! I mean the main reason I was so excited for this book was to hear more about Preston and Amanda. I'm pretty sure they had the shortest one and it was seriously lame. It was like Glines had no idea what drama to create for their last bit so she just threw in that Amanda was kinda sorta not really concerned that Preston had cheated on her right before their wedding. There was an incident that implied he did but obviously he didn't really. She wasn't even that worried. She trusted him, and of course she was right because she's not a moron and she loves him. It was mostly about everyone else (mostly Marcus) doubting Preston's love for her that was the real drama, and that just left a sour taste in my mouth. Sorry this was a rant. I just wanted to warn any other Pranda fans out there that the ending for them was disappointing even with the wedding. They didn't even have sex! First they didn't have a real sex scene in their own book and I guess now they couldn't have one in their epilogue even though every other couple got a real one, even several. End of Spoilers: Okay, sorry, that is over now. So it was the very last chapter that kept

me from making this a three-star review. It was seriously the best and came completely out of nowhere. I mean I didn't expect it at all, and I think others will be surprised by it too...unless I'm actually an idiot who should have seen it coming... Did it make me wish the series could go on in a new direction now? YESSSS! But it was an ending, and it was just the ending all of us Sea Breeze fans needed. The last line though...if you love Glines' books at all, you will die.

This series has without doubt been one of my all time favorites. I hate that it's over but it was so good I will definitely be re-reading this one. The last book followed Trisha and Rock. You only see them periodically through out the other books but I was really excited to read how they had become a couple and what not. I couldn't have been more shocked and touched by how they became. I also couldn't be happier that they became a couple. Rock is definitely a hero and Trisha definitely deserved a hero. I can't even say enough about this book or series besides you need to read it! Glines also included epilogues in the back of this book for each couple from through out the series which I loved! There is also a chapter that is following Bliss York (Cage and Eva's daughter) which gives me hope that maybe there will be a spin off following these kids! I'm keeping my fingers crossed.
