This is a great book for Cheerleaders to read up on, and more importantly for parents or any one

wanting to become a coach! It has great try out, fundraisers, practice, and putting your team together info. It also has a list of jumps, motions, a few cheers and chants, and just about ALL of the stunts! Excellent book!

I got this book as a resource when I began coaching - it's got it all. All the minute questions I had but wasn't sure where to ask, this book has them. The pictures and tutorials are so helpful, and the tips for overhauling a team or creating a new one are great. Thanks for the great deal!

My daughter has been cheering since 3rd grade in the town cheerleading squad. She does not do competition cheerleading. She also now cheers for the Junior High she attends. I picked up the book as a present for Christmas and she loves it. I don't know how it would be for anyone else, but she thinks it's great. There are a lot of illustrations in it and she is looking forward to maybe incorporating some of the ideas in her High School squad next year. It was reasonable priced compared to some of the cheerleading products out there like the CD's and video sets. Hope this helps.

Decent cheerleading information.
