Customer Reviews

The book was advertised as 4th edition. I received the second edition. I wanted the newer edition to have included as many new streets as possible

The atlas is fine. The condition I got it in from hippo was not. It said good condition, and so I chose it over another that said acceptable condition. If this is good, I'd hate to see what bad is. Water damage to the point that the pages were swollen, mildewed at the top so I want to wash my hands every time I open it. yes, it is readable. but really? Mildew?

Advertised as 4th edition, I got 3'rd.

Great condition for a hard to find map without breaking the BANK, mine was practically brand new
good

I am planning on moving to Eastern Mass to live closer to my son. I wanted to look up his address and to trace out routes so that I would be able to get to malls and all w/o going on highways. This book is useless as the towns are alphabetized instead of being linkewd together as normal maps books are. In addition, my son's whole neighborhood is covered over by indices so I can not see asnything that I wanted. Whose idea was THAT????Who possibility thought of this as in any way useful. I am so disappointed. Does anyone know where I can buy a map of the Boston area the first one I ordered was actually from Boston, England.... another waste).

Beautiful book.....great shape...love it...

Excelent !
