Customer Reviews

I have enjoyed reading this book and found it very helpful in giving me constructive ways to make changes to help simplify my life.

First off.. many grammar mistakes. On page 10 and the pages already started falling out. Should I take life advice from someone who can't write a proper sentence or bind a book correctly?

A friend of mine loaned me this book from his Kindle library, I guess he thought I needed it. Awesome book! Full of great concepts and practical ways to put them into practice. Definitely something I needed in my life right now. Will be one I go back and reference back when I need reminders. An absolute must for anyone suffering with social anxiety and low self esteem, and just people who need a bit of self lovin' in general. Great read.
