## Customer Reviews

This map was a gift to my daughter who lives in Atlanta and she said that she loves it. It gives her perspective beyond the GPS that she needs to navigate through the area. That's good enough for me!

This map was just what I needed b/c I am thinking to relocate to the Atlanta area and I wanted to map out certain points of interest and good schools and where the companies are that I will be applying to for a job. This helps to narrow down my search.

Great map to have in Atlanta so you do not run down your battery

Just what I needed. I am new to the city and it helps me get a perspective of how the streets are laid out.

This map worked for my purpose, which was to cut out a section around Georgia Tech's campus and frame it, but I don't know that it would be super useful for navigating a car, but that's mostly on Atlanta's infrastructure.

The overall cast was okay, this was/is a good map, it was fair mail time, and it was a good

transaction, need to add the option for combined shipping and handling to save buyer cost

As someone who uses the new GPS systems only reluctantly and as a last resort, this series of grid maps with alphabetical street identifiers was just what I needed. There are listings of shopping malls, post offices, libraries, and all the other things one needs to know when encountering a new city. Also, the very readable and understandable maps allow a overview perspective of specific sections of the city. I've had mine 3 months and it's been used so often, it's beginning to fray around the edges.

My husband drives a big rig this atlas give all the scales and most up todate changes in roads.
