Goddess Guidance Oracle Cards

Synopsis

The goddesses are angelic, powerful, loving beings who want to help you with every part of your life. In this set of 44 oracle cards by Doreen Virtue, the bestselling author of the *Healing with the Angels* and *Magical Mermaids and Dolphins Oracle Cards*, you'll learn who the different cross-cultural goddesses are and how they can help you. Each card gives you a specific message about how you can improve your life, health, relationships, finances, career, and spiritual path. The gorgeous artwork on each card depicts Kuan Yin, Lakshmi, Bridget, Isis, Athena, and other goddesses from Celtic, Mayan, Egyptian, Greek, Tibetan, Buddhist, and other traditions. The accompanying guidebook helps you give accurate readings for yourself, your loved ones, and your clients. Whether you're a beginner or a seasoned pro, you'll find that working with the goddesses brings Divine magic into your life. The Goddess Guidance Oracle Cards work well with Doreen's other oracle cards, or as a solo card deck to give readings, to familiarize yourself with the amazing goddesses, and to empower your own inner goddess.

Received yesterday. Left the box of cards and book on my altar overnight per guidebook's cleansing instructions. Followed the other cleansing instructions in the book before I tried a basic 3 card reading. I've had a set of Rider-Waite tarot cards for many years but never really cared for the tarot and complicated layouts. This is my first set of oracle cards and I LOVE them. I waited until I had the house to myself, spread out a special clean blanket over an ottoman, got my question clear in my mind, and shuffled the cards until I felt calm. They're easy physically to shuffle. It's hard to remind yourself that it's okay to shuffle them and bend them a little because they're so beautiful. Then I placed the cards face down and laid out the first 3. The middle card, the present, was upside down. The guidebook addresses upside-down cards and cards that protrude from the deck when you're done shuffling. I WAS SO SPOOKED. The immediate past and the present cards were exactly right. The immediate future card is what I've been telling myself. I don't really care how they "work," but they seem to work. READ THE GUIDEBOOK IN ITS ENTIRETY BEFORE YOU TRY A READING FOR YOURSELF. After I read for myself I wanted to read for someone else, but I didn't. I think you should work with the cards for a while, weeks, months, before you read for someone else. If you find these cards don't work for you as oracle cards, you have 44 beautiful frameable-quality works of art. The goddesses in the deck (okay some of these aren't goddesses, they're archetypes) are: Abundantia, Aeracura, Aine, Aphrodite, Artemis, Athena, Bast, Brigit, Butterfly Maiden, Cordelia, Coventina, Damara, Dana, Diana, Eireen, Freyja, Green Tara, Guinevere, Hathor, Ishtar, Iris, Isolt, Ixchel, Kali, Kuan Yin, Lakshmi, Maat, Maeve, Mary Magdalene, Mawu, Mother Mary, Nemetona, Oonagh, Ostara, Pele, Rhiannon, Sarasvati, Sedna, Sekhmet, Sige, Sulis, Vesta, White Tara, Yemanya.

I am pleasantly surprised. I generally don't like oracle cards. I think they are kind of cheesy and don't require a whole lot of intuition. Ironically that's what I like about these. They are no brainer cards that don't require you to think. That's just what I need this deck to do. The paper is nice. They have gold edging, which is pretty. And they are a good size for the hands.

A friend gave me this deck, meant for women, and I got it for another friend. There's a ritual to seal the deck to yourself. My friend was amazed how the cards she pulled reflected her life. Not a standard 78 deck. Made specifically for female power.

I love these they are easy to use, I am a beginner and they are wonderful and self explanatory. the book is easy to read and the break down in the back is wonderful. Also a little scary are spot on they seem.

I love these cards! They have gold gilded edges that adds to the yellow colour of the cards. The artwork on the cards is beautiful, detailed and colourful with simple straight forward messages at the bottom of each card. This makes them easy for beginners to use. For a fuller meaning of each card refer to the guidebook. The cards are large, the average size of Oracle cards, and easy to shuffle. I find the cards sturdy and of very good quality. I can definitely recommend these cards!

This was my first set of oracle cards. I was torn on which ones to start with until I viewed a video by Dr. Christiane Northrup in which she used this particular set and stated it was one of her favorites. I'm still learning how to use them for guidance on my spiritual journey but I greatly enjoy the appearance of the cards ... beautiful and inspirational. The cards are trimmed in gold, the messages of guidance and wisdom are lovely, and the artwork is amazing. I don't see how anyone could be disappointed in them.

Beautiful cards and artwork. Love the energy of this deck and includes many different Goddesses (though I wish it had Durga). Would recommend to those new to Oracle decks as it's messages are gentle and easy to integrate.

I looove this deck! They're beautiful and well thought out. I have used this deck for my own purposes and not just what the instruction manual suggests. I asked the Universe what is my Goddess Guidance archetype--both primary and secondary. I may ask the Universe by which Goddess Guidance archetype will I be perceived by others. This reminds me of the Self, Shadow Self, and the Persona.
