Poached (Teddy Fitzroy Series Book 2)

Synopsis

Teddy Fitzroy is back for another zoo mystery – this time it’s a koala caper – in this action-packed follow-up to *Belly Up* that School Library Journal called a “whopper of a whodunit that delivers plenty of suspects, action, slapstick, gross bodily functions, red herrings, and animal trivia.” School troublemaker Vance Jessup thinks Teddy Fitzroy is home at FunJungle, a state-of-the-art zoo and theme park, is the perfect place for a cruel prank. Vance bullies Teddy into his scheme, but the plan goes terribly awry. Teddy sneaks into the koala exhibit to hide out until the chaos dies down. But when the koala goes missing, Teddy is the only person caught on camera entering and exiting the exhibit. Teddy didn’t commit the crime – but if he can’t find the real culprit, he’ll be sent to juvie as a convicted koala-napper.

Customer Reviews

While I really enjoyed reading about Teddy’s second adventure, there were a couple of things that

bugged me. The way Vance, the bully from school, seems to control everyone at school, including the principal really rubbed me the wrong way. I mean, where were all the adults when Vance and his friends were getting ready to stuff Teddy's head in the toilet of a filthy bathroom. Maybe it's because I work in a school and I know how hard the staff works to keep the school running well but it seems so stereotypical. However, who am I to say there aren't schools where that sort of thing happens, bullying is an ongoing problem in most places after all. Outside of the bullying though, I'm not a big fan of characters I like getting accused of things they didn't do, and Teddy gets accused of stealing the koala on loan from Australia. Now admittedly Teddy has done plenty of things that make him a suspect, but Marge the security head for the park is so inept its annoying. What I did like outside of the mystery itself was the way Teddy's parents supported him. So many middle grade novels have either nonexistent parents or neglectful, uncaring ones, it was nice to read about some pretty cool parents. A fun addition to the series, and as always its fun to learn more about some of the different animals.

This book was good it has a lot of detail but I didn't like the bully. I like how Teddy is kind of a detective in the story. The previous book was better. I hope you like my review. Jack

My daughter could not put the book down. She read it in a couple of hours. Well worth buying this book.

Loved it! daughter and I are reading all of Stuart Gibbs series, this is Book 2 of Funjungle series, and a great read...mystery with humor and memorable characters..highly recommend for middle grade fiction

My daughter loved it. Now working through all the rest of the books in all of Stuart Gibbs series!

My dd loves all the Stuart Gibbs books!!

This was an easy one to pickup as Koalas are one of my sons favorite animals but the story is just wonderful and it is written in a way that my reader who 'struggles' a bit can be just as successful as my older son who also loved this book. Big Game is next on our list and I can't wait to hear about it!

Very good Loved it want to test Big Game next I can't wait to get the book on my kindle
