## Customer Reviews

You receive and have in your life exactly what you believe for and say.

In this booklet, Hagin illustrates through Bible verses and stories from his own experience that you always get and have in your life what you believe for and say. If you do not believe what you are saying, you should not say it, because if you say something long enough, those words will eventually register on your spirit and will control your life. Mark 5:25-34 And a certain woman, which had an issue of blood twelve years, And had suffered many things of many physicians, and spent all that she had, and was nothing bettered, but rather grew worse, When she had heard of Jesus, came in the press behind, and touched his garment for she said, If I may touch but his clothes, I shall be whole. And straightaway the fountain of her blood was dried up; and she felt in her body that she was healed of that plague. And Jesus, immediately knowing in himself that virtue had gone out of him, turned him about in the press, and said, Who touched my clothes? And his disciples said unto him, Thou seest the multitude thronging thee, and sayest though, Who touched me? And he looked round about to see her that had done this thing. But the woman fearing and trembling, knowing what was done in her, came and fell down before him, and told him all the truth, And he said unto her, Daughter, thy faith hath made thee whole, go in peace, and be whole of thy plague. Bible says "For

she said, "If I may touch but his clothes, I shall be whole" - what you say is your faith speaking. Bible says that we develop out faith by hearing, and express it by saying it, and acting upon it. Hagin says, people often come to him asking "Will you tell me why I can't get healed?" And he always smiles and says, "Yes, you just told me that you can't." Hagin points out "It is not the giants in life who defeat people. It is not the storms of life that defeat you. It is not the devil who defeats you. If you are defeated, you have defeated yourself by your wrong thinking, wrong believing, and wrong talking. ... As believers, we should never talk failure, doubt, or unbelief. We should talk faith." Believe in your heart what you want to experience, say it with your mouth. That is the principle of faith. You can have what you say. The principles of faith are the same in the realm of finances as they are in the realm of healing.

So simple... So hard.. to do, but it can be done and it will change your life. You need the buddy system to change how you talk because you have been trained to talk negative for so long you don't hear yourself. Retraining will take correction from someone who hears what you say out loud and not what you assume you said! BUT the rewards are everlasting!

This book has so much power in revealing the force of our words and how they shape our lives. Speak God's word into your life and God has to move, because His Word does not come back to him void.

This book has a great potential to transform old thinking faith. You can have what you say certainly has transformed my way of talking. It is a short book that I read in less than an hour.

I enjoyed the stories and truths revealed in this little book by Kenneth Hagin. Let's apply it to our lives!

Everything he ever wrote is great. I believe it!

At times faith becomes a difficult subject to grasp that you won't know whether you got it or not. In my quest to learn more about faith I have found this booklet to be helpful. You can have what you say by Kenneth E Hagin has been a great boost to my faith. It helped see how I have been contaminating my faith with my own words and taught me how to replace negative words with positive words. After reading this book I became bold to say what I believe instead of listening to the

devil's "what ifs". This book is straight to the point and specific to its subject. It will show you the importance of believing and talking right and provide you with practical examples of how to exercise your faith. If you want to learn more about faith or get your faith lifted I recommend this book.

Very helpful and to the point which is what I needed. Thank you! -MrsGwennD
