Before The Dawn Burns Us, Vol. 2 (Low)

Synopsis

In the far future, a time when the sun's radioactive expansion has forced mankind to seek refuge in the deepest part of the ocean, and with little hope of survival, the fate of the Cain family is inevitably and tragically tied to that of our dying world. Stel Cain, the eternal optimist, has begun a perilous journey from the depths of the sea to the surface to intercept a deep-space probe, returned to earth with the location of an inhabitable planet, that mankind could escape to. But there is another Cain in the deep: Stel's long-lost daughter Della, who has grown up to be a Hope Hunter, seeker and destroyer of all things that would instill in people a false sense of hope, distractions from life's grim reality. When Della hears of the probe, the ultimate symbol of hope, she sets her courses to the surface as well, to destroy the beacon...and any who would seek to share its light.

Book Information

Series: Low (Book 2)

Paperback: 112 pages

Publisher: Image Comics (November 24, 2015)

Language: English

ISBN-10: 1632154692

ISBN-13: 978-1632154699

Customer Reviews

I'm a big fan of Saga. I like comics that are completely original. That being said, this is like Saga on crack. It's incredible. All the action, all the twists and turns in all 5 trades of Saga condensed into one trade. Then there's this trade. Which is the same thing. Holy crap it's good. It's incredibly fast paced. I read this trade this morning on the train on the way to work and I said audibly, "HOLY CRAP" about 5 times. Honestly, this has taken the place as my new favorite graphic novel. I'm blown away by this. Everyone has their own tastes, but if you like Saga and wish it went a little faster, this is for you.

Beautiful. I can't say enough good things about Tocchini's artwork in these books, it's just stunning. If you enjoyed the first volume, this one is a no brainer, you have to get it too! And if you haven't read volume 1, then get this and volume 1!

Remender is an absolute sorcerer with grief and crushing, seemingly relentless tragedy. In brief, he sells the idea that hope in a dying world has a concrete, tangible value, just as its absence has a real cost. The fantastic adherence to the idea of salvation presents as a welcome (and nearly the sole) pinprick of light against the rot and atrophy of what remains, and somehow doesn't come off as cloying or preachy. In addition, the watercolor aesthetic perfectly complements each nuance of the story, and each panel is beautiful in its own right.

Volume 2 surpasses volume 1 of Low. Throw in a pirate Lord crime boss & semi vampiric mermaids for good measure.

As described, Satisfied customer

Remender has taken one of my favorite fantasy themes and made it his own. Greg Tocchini's beautiful art is mesmerizing. Jimi Hendrix had a song 1983 (A merman I should turn to be) I think of this every time I read another chapter. Makes a great soundtrack....Can't wait for the next one

Good stuff, this series...Far-future, fast-paced, and makes you think. Great for what-if fans...

I love the originality of this series, another soon to be Remender Classic. Art work is good, excellent story line.
