Customer Reviews

"This is a really terrific little book packed with information ranging from voice exercises and copy samples, to business advice, guidance on preparing an audition tape, and lots of contact information. Jim Alburger is something of a legend in west coast voice-over circles, with his vast experience as an audio engineer and trainer. If you have ever considered a career in voice-overs, this book is a must have."--John Beaupre, Broadcastvoice.com

Excellent book. This is the most thorough book I've read pertaining to Voice Over. Starts at "square one" and follows a logical progression all the way to actually doing your own paid voice overs. Highly recommend for anyone interested in pursuing a career full or part time in voice over!

Fantastic book. Really goes over absolutely everything you could possibly need to know - not just about the craft, but, most importantly, about the BUSINESS. I've looked at a number of other books on V/O and none of them even come close.

Very informative book, I highly recommend it for anyone thinking of pursuing a career as a Voice Over Actor.

This is a must read for anyone either thinking about getting into this profession or for someone who wishes to polish up their skills in voice over. Indeed, it provides a very thorough explanation of the basic principles of Voice Acting. Too many think of voice over simply is a field of voicing what is read or, if you prefer, identifying oneself as a broadcaster versus truly having to "act" the part with the appropriate voice. No easy task! To me, this book is truly an industry bible for voice over in its truest form: Voice Acting!

James Alburger knows this business! His book is a comprehensive how-to, from acquiring the basic

skills to voiceover or voice act, to setting up and running the business. It is well-written, it provides examples and references, and it includes a CD that brings the art of voice acting to life. Highly recommended for anyone who is thinking about becoming a voice actor.

Excellent book for beginners! Gives you excellent tips on the do's and don't's of Voice Acting! Gives and inside look of the Business and how you can accomplish in it! A must have!

I like this book a lot. If you're new or just curious about voice ACTING. Then get this book it gives you the lowdown. About what it's really like and what it entails. Also the cd it came with is a great supplement.

if you can only have one book on voice acting, make it this one. It was textbook I used in my college voice acting course and still use it two years later. The CD that comes with it is also a great benefit.
