I loved it it was so cool I would recommend this book to a lot of little kids all around the world

"Little Tommy" was a treasure that my older kids grew up with and ADORED! What a JOY to find him again now that the older kids have gone to college and we have the blessing of being parents all over again."Little Tommy" spoke volumes of great moral lessons and biblical truths to my older kids and I am so blessed to know that he is now a part of my youngest son's reading and life! My youngest son is LOVING these books by Tom Toombs and now has the entire collection (and the video). They have quickly become his EVERY NIGHT reading (over and over). What a great lesson on teamwork. He says that what he likes most about these books is that they have "surprise" twists that always keeps him guessing. As a dad, I am so thankful that because of books like these, not only is he developing a great love of reading, but that he has developed a "kinship" with Little Tommy. I particularly love how Tom Toombs has developed a character that shows respect for his parents and listens to their advice. You don't see much of that on TV today!

Tom has a heart for children and these book teach great lessons my grand baby is on 5 months old but I read her these already thanks tom god bless

Great book, and a great lesson for kids today. The kids have really enjoyed it very much. The art is great and it fun to read. Little Tommy is a great character, especially if you have seen him live.

Love Little Tommy and all of his books and dvd are great. He has a great message and is entertaining.
