Customer Reviews

It's been a long time since I've read a series that is well written and engaging from the first book to the last. There is never a dull moment in this one. It starts out in Alabama where the Graves family struggles financially after the death of their father. His daughter, Ruby, has been given the gift of healing and the bane of compassion. Her affinity toward all people in need leads her to befriend a black family at a time when the Klan has marked influence on all aspects of life in Alabama. Ruby's adventures will keep you on the edge of your seat, as her life spirals from one crises to another.

There is a romantic element in the story. Matthew is the love of her life though he is from a wealthier and more influential family than Ruby's. Briefly separated by the many twists and turns in the plot, Matthew and Ruby are reunited during World War II in the jungles of Bataan and the tunnels of Corregidor. More adventures ensue, sweeping us off our feet as the author surprises us at every turn till the very end of the story. This is a good summer read. If you're looking for a documentary, don't read this book. If you're looking for a good story, this story will satisfy.

Faith is the only intangible that can keep you going in the face of such adversity. Great characters, very strong storyline.. Loved the whole series. Thank you. Look forward to reading more from you. God Bless
