Customer Reviews

This is very helpful to get started on the Ukulele. Easy read and a beginners necessity.

Perfect for beginners!

Great Primer, easy to understand and learn how to play the Ukulele.

like it a lot

Great beginner book, easy to use and understand.

I ordered this book to go along with the Ukulele that I got my father for Christmas. He had never even touched a Ukulele before and now about two weeks later, he is progressing decently with his playing from using this system which even has suggestions such as finding a tuner app for your phone so that you are accurately able to tune the Ukulele. He loves learning to play with this DVD/Book and he keeps me updated on his progress and shows off which is great that he likes learning to play using this system.

Really great DVD accompanies this...if you are a visual learner, it helps immensely. All of the intro book are in black and white and kind of hard to see the finger placements. The pairing of the video and text is great, the instructor is easy to follow, and the price is very reasonable. Pickin' and stummin' a song in less than one hour.

My 9yo daughter has been randomly plucking her brothers ukulele so I decided to help my ears hear a tune! She got the book,watched DVD and now she can play a couple of songs!
