The Ancient Hebrew Lexicon Of The Bible

Synopsis

All previous Biblical Hebrew lexicons have provided a modern western definition and perspective to Hebrew roots and words. This prevents the reader of the Bible from seeing the ancient authors' original intent of the passages. This is the first Biblical Hebrew lexicon that defines each Hebrew word within its original Ancient Hebrew cultural meaning. One of the major differences between the Modern Western mind and the Ancient Hebrew's is that their mind related all words and their meanings to a concrete concept. For instance, the Hebrew word "chai" is normally translated as "life", a western abstract meaning, but the original Hebrew concrete meaning of this word is the "stomach". In the Ancient Hebrew mind, a full stomach is a sign of a full "life". The Hebrew language is a root system oriented language and the lexicon is divided into sections reflecting this root system. Each word of the Hebrew Bible is grouped within its roots and is defined according to its original ancient cultural meaning. Also included in each word entry are its alternative spellings, King James translations of the word and Strong's number. Indexes are included to assist with finding a word within the lexicon according to its spelling, definition, King James translation or Strong's number.

Book Information

Hardcover: 616 pages

Publisher: Virtualbookworm.com Publishing (August 29, 2005)

Customer Reviews

As the Bible was written in an ancient Near East culture it is imperative that the Bible be read from this perspective, not from a modern western one. This lexicon revolutionizes how we read the Bible and is designed to reveal insights into the Ancient Hebrew text of the Bible as never before seen.

When Mr. Benner first began reading the Hebrew text of the Bible he quickly discovered that the Ancient Hebrews did not think in the same manner we do and realized that we should not be reading the Biblical text as if we were reading a modern Novel. Mr. Benner founded the "Ancient Hebrew Research Center" in 1999 in order to promote and teach the Ancient Hebrew language, culture and thought to those interested in learning how to read the Bible from an Ancient Hebrew perspective. Mr. Benner is also the author of several books related to the study of the Ancient Hebrew language and thought including Learn to Read Biblical Hebrew, The Ancient Hebrew Language and Alphabet and His Name is One.

Very good for studying

I received this book a few days ago, fast as usual from and am really enjoying it. My Hebrew studies over the years were feeling rather stalled and this book gave me a new energy to keep going in them. I have also enjoyed a few chuckles so far about how interesting some Hebrew words roots were related to common Hebrew words so that makes my study fun. I did not find it hard at all to learn the ancient script from the Aramaic style and now hardly even notice except when I use the ancient pictographs to try to think of the relationship before I look at the author's conclusions. I have been told that this was hard for some but I found it easy so maybe it just depends on the person and the way they think. If you are feeling stagnated in your study or maybe even if you are new to Hebrew I think you will love this reference. I will not give the book five stars though because in the first part of the book in the short tutorial on how the author is presenting the information and why, there are some errors that unless you are pretty fluent in Hebrew will trip up your understanding of his point. I would hope that the next edition would correct some of the charts and spellings but I did not find it a problem once I caught what was going on. I plan to get Mr. Benner's work on Exodus and Geneses in the future.

Came really handy for our Hebraic studies. Wonderful way to get to the root word and meaning. Get it, you wont be disappointed

I LOVE THIS BOOK along side my Strong's concordance and King Jimmy version of the scriptures to be able to study the TRUE Hebrew that YAH spoke to HIS children! I used this book along with Teddy Wilson's study: Restoring the Hebrew Mind.... Excellent! [...]

Awesome

Excellent

Quality product, packaging, timely delivery, reasonable price of item & shipping. A really big thank you to everyone involved.

What an excellent tool to study, search and learn what the words meant to the people back then when the words were inspired. It can change your outlook all for the better! Nothing like facts
