Customer Reviews

Jane Austen (1775-1817) is often referred to as the world's premier female novelist. She is known for her brilliant satire and detailed insights to everyday life for the women of the Regency period.

I returned this item. There were, if I remember correctly, only two dramatizations, the others being abridged readings. Not as advertised.

I ordered this set for my elderly mother as she doesn't read anymore. It is high quality and she is enjoying it very much. I would recommend it to anyone who enjoys audio books and Jane Austen or to introduce someone to the author who may not have read her books.
